Goodhart Sons, Inc is a fully equipped ASME certified steel fabricator located in Lancaster, PA. We have more than 175,000 square feet of production space and are up to the challenge of completing your project with the highest level of quality, on time, and within budget.

We also provide non-union installation services and employ millwrights, riggers, welders, pipe-fitters, electricians and insulators that travel the country and abroad to install the projects that we fabricate as well as many types of OEM equipment and production lines. We have the experience, knowledge and resources to plan and execute complicated shut-downs. Our field crews are licensed in 44 states and are also MSHA certified for both above and below ground work.

We are aware that different industries have different requirements and needs. At Goodhart Sons, Inc. we can provide products and services to a wide range of businesses. We feel confident that we will be able to meet your needs regardless of the specifications.

Industries that we serve:

**Power Generation • Hydro-Electric Power • Food and Beverage • Confectionary •
Cement/Aggregate • Building Products • Defense • Converting/Graphic Arts • Steel Mill •
Pollution Control • Foundry • Pulp and Paper Petroleum • Chemical • Ethanol
Alternative Fuel & Power**

At Goodhart Sons, Inc. we are invested in an unyielding commitment to the success of our safety program. Our philosophy is connected to our caring concern of the health and welfare of our people, with total involvement and professionalism of our management team, our highly skilled workforce, and our customers that we serve.

Behind the Goodhart name is a proud history. Even after more than seven decades and four generations, we continue to direct every effort towards achieving success by remaining faithful to customer satisfaction and service.

Ultimately, Goodhart Sons, Inc. wants to be your Single Source for all of your project needs.
