### **Goodhart Sons Inc. Obtains ASME “S” Stamp**

Goodhart Sons, Inc., a steel fabricator and installer in Lancaster, PA. has recently obtained their ASME “S” stamp for the field and shop fabrication of Power Boilers.

This latest certification complements the “R”, National Board Inspection Code and “U” Section VIII, Division I Stamps that are already in their possession.

Goodhart Sons, Inc. also has the ability to design, fabricate and install to API 650, and API 653 standards, International Building Code, SMACNA Ductwork Construction Standards, AWWA Welded carbon steel tanks for Water Storage and AISC construction standards.

Goodhart Sons, Inc. is a fully equipped steel fabricator and installer located in Lancaster, PA. with over 175,000 square feet of production space. They are ASME Section VIII, Division I board certified in possession of their R, S and U stamps as well as an AISC Member and are up to the challenge of completing your project with the highest level of quality, on time, and within budget.

Goodhart Sons, Inc. also employs millwrights, riggers, welders, pipefitters, electricians and insulators that travel the country and abroad to install the projects that they fabricate as well as many types of OEM equipment and production lines. Goodhart Sons, Inc. has the experience, knowledge and resources to plan and execute complicated shut-downs.
