Goodhart Sons Inc. Contracted For Fabrication and Installation Of Molybdenum Recovery Plant

Goodhart Sons, Inc., a steel fabricator and installer in Lancaster, PA. was contracted by a newly-formed mid-west Molybdenum recycling company to perform the design, fabrication, freight and installation of the structural steel tower and a series of water-cooled jacketed vessels that serve as the show piece and heart of this new plant.

Goodhart Sons, Inc. then went on to receive the complete balance of the plant installation contract, the air pollution control installation contract as well as miscellaneous fabrication contracts for additional bins and tanks.

Goodhart Sons, Inc. is a fully equipped steel fabricator and installer located in Lancaster, PA. with over 175,000 square feet of production space. They are ASME Section VIII, Division I board certified in possession of their R, S and U stamps as well as an AISC Member and are up to the challenge of completing your project with the highest level of quality, on time, and within budget.

Goodhart Sons, Inc. also employs millwrights, riggers, welders, pipefitters, electricians and insulators that travel the country and abroad to install the projects that they fabricate as well as many types of OEM equipment and production lines. Goodhart Sons, Inc. has the experience, knowledge and resources to plan and execute complicated shut-downs.
